Abdullah Alzubaidi

Backend Developer

aalzubaidi001@gmail.com | +966 565661300 | Saudi Arabian

Summary

A backend developer, highly motivated and recent graduate with a Bachelor's degree in Information Technology from King Abdulaziz University (2024). Possessing a solid foundation in software development, particularly with Java and Flutter, and experience in database management using SQL and Firebase. Completed a valuable extended internship at Digitect, focusing on UI development with Flutter. Possesses a good level of English proficiency, having completed studies at Celtic English Academy in Cardiff, UK. Eager to apply technical skills and contribute effectively within a collaborative IT environment.

Education

Bachelor of Science in Information Technology — 2024
King Abdulaziz University

Graduation Project: Face Recognition System
Developed a face recognition system utilizing Python for Artificial Intelligence and Java for implementation.

Training & Experience

Tuwaiq Bootcamp | Trainee | February 9, 2025 - May 8, 2025

- Participated in an intensive bootcamp on Java Spring Boot (Back End) to gain advanced hands-on experience in backend development.
- Developed APIs and efficiently managed databases using Java Spring Boot.
- Gained extensive knowledge in cloud computing technologies and best practices in software development.

Digitect | Intern | 2022 (5 months)

- Participated in an extended internship program (originally planned for 2 months) based on company request due to performance.
- Developed two projects using Flutter for front-end development and Firebase for back-end database management.
- Primarily focused on User Interface (UI) development during the internship.

Certifications

- **English Language Certificate** | Celtic English Academy, Cardiff, UK | July 2024 - December 2024 (5 months)
- **Networking Certification** | King Abdulaziz University | 2023
- **Website Development Using Java Spring Boot** | 300 Hours

Skills

Technical Skills

- **Programming Languages:** Java, Python
- **Mobile Development:** Flutter
- **Web Development:** Spring Boot, Git, GitHub
- **Databases:** SQL, Firebase, MySQL
- **Artificial Intelligence:** (Basic knowledge from graduation project)

Soft Skills

- **Problem-Solving:** Demonstrated ability to identify and resolve technical challenges effectively.
- **Teamwork & Collaboration:** Experienced in working collaboratively on projects and contributing to team goals.
- **Communication Skills:** Able to articulate technical concepts clearly and effectively.
- **Adaptability:** Willingness to learn new technologies and adapt to changing project requirements.
- **Time Management:** Capable of managing time effectively and meeting project deadlines.
- **Continuous Learning:** A strong interest in staying updated with the latest technological advancements.
